- ① Large-caliber chemical tank for easy filling: Puring the pesticide in bags directly.
- ② Straps and backcushion made of foamed plastic, small vibration, soft and comfortable
- ③ All-plastic structure, light weight, low gravity and good stability.
- ④ E-start, easy start design system reduces the effort 30%-50% and brings comfortable feeling when starting the engine.
- ⑤ Anti-vibration system, Spring and rubber structure hugely reduces vibration and ensures comfortable and convenient operation.
- ⑥ Soft hose, Flexible hose unit enlarges the operation angle scope and improves work efficiency.
- ⑦ Multifunction handle, control handle adjustable within a scope of 90 degrees. Comfortable for different work while reducing fatigue to its least.
- ⑧ Extension nozzle can adjust range and effect of atomization, Humanized design, more convenient.
